DATE: May 2, 2008
RE: NC GOP advertisement "Extreme"

Dear Senator Dole,

Attached you will find a list of signatures collected from concerned citizens, over 350 of whom are your constituents, kindly asking that you sign the following letter. The letter calls upon the North Carolina Republican Party to stop airing their ad "Extreme", and outlines action which you may take to demonstrate to us, and the rest of your constituents, that you are earnestly opposed to the content of "Extreme".

Dear Chairwoman Linda Daves,

I disapprove of the content of the North Carolina Republican Party's recent advertisement "Extreme". I feel that it resorts to a type of negative politicking that betrays the best interest of North Carolinians.

I call on you, as Chairwoman of the North Carolina Republican Party, to immediately stop airing this advertisement. Failure to do so will reflect negatively on all North Carolina Republicans, and would necessitate that I return the Party's contributions to my campaign to disassociate myself from the vitriol which you appear to embrace.

The ad has been denounced by many, including prominent Republicans John McCain and Bob Orr. We encourage you to join this chorus of people rejecting the brand of politics this ad represents, and use your position to force the ad off the air.

We appreciate your consideration on this matter and look forward to your response.

Sincerely,

Pam Spaulding, Pam's House Blend.com
